The Contractor must review the project location relative to the gas routing and coordinate all requirements with Columbia Gas.

8.13. CONSTRUCTION WASTE MANAGEMENT: The Contractor is required to recycle and/or salvage 75% of construction, demolition, and land clearing waste. A waste management plan is to be developed for the project which outlines how you will achieve the required recycling rate, including materials to be recycled or salvaged, materials handling requirements, and how you will communicate the plan to your crews and subcontractors. The waste management plan is to be approved by the OPP Project Leader.

8.14. TEMPORARY SANITARY FACILITIES: Sanitary facilities will not be provided by the Owner. The use of Owner's facilities is prohibited (unless prior approval is granted by the Owner).

8.15. JOB SITE SECURITY: The University will not provide job site security. The University assumes no responsibility for damage or loss to the Contractors' property.

8.16. ASBESTOS REMOVAL:

8.16.3. If asbestos is found to be present after construction is underway, the University Construction Inspection Office is to be notified immediately so that proper removal work can begin promptly. Removal or repairs will then be initiated following all applicable EPA and OSHA regulations.

8.17. SUBCONTRACTS: The Contractor agrees to bind every Subcontractor, and every Subcontractor agrees to be bound, by the terms of the Agreement, the Additional Terms and Conditions of the Contract, and the Drawings and Specifications insofar as they are applicable to the Subcontractor's respective portion of the Work.

8.18. PERMITS, FEES AND NOTICES: The Contractor shall secure and pay for, with the exception of the building permit, all other permits, fees, licenses and inspections necessary for the proper execution and completion of the Work which are customarily secured after execution of the Agreement and which are legally required.

It is not the Contractor's responsibility to ascertain that the Contract Documents are in accordance with applicable laws, statutes, ordinances, building codes, and rules and regulations. However, if the Contractor observes that portions of the Contract Documents are at variance therewith, the Contractor shall promptly notify the Professional and Owner in writing, and necessary changes shall be accomplished by appropriate modification.

If the Contractor performs Work knowing it to be contrary to laws, statutes, ordinances, building codes, and rules and regulations without such notice to the Professional and Owner, the Contractor shall assume full responsibility for such Work and shall bear the attributable costs.
8.19. **ACTS AND OMISSIONS:** The Contractor shall be responsible for acts and omissions of the Contractor's employees and Subcontractors, their agents and employees and other persons performing portions of the Work under a contract with the Contractor.

8.20. **LEAD-FREE PLUMBING CERTIFICATION.** The Contractor shall provide a certification that all plumbing materials are lead-free and meet the requirements of the Pennsylvania Plumbing and Lead Ban Notification Act. Markup on sales tax is not permitted.

In addition to the markups allowed for labor, material, and equipment for the Contractor or Subcontractor actually performing the Work, the Owner will pay a maximum aggregate markup of 10% for Subcontractor management on the actual cost of the Work performed regardless of tier. No other costs or markups will be permitted by any other tiered Contractor or Subcontractor.

9.1.1. **EFFECT OF AN EXECUTED CHANGE ORDER:** The submission of a Change Order proposal by the Contractor and subsequent execution by the Owner shall constitute conclusive evidence of the Contractor's agreement to the ordered changes in the Work, this Contract as thus amended, the Contract Price and the Contract Time. The Contractor waives and forever releases any claim against the Owner for additional time or compensation for matters relating to or arising out of or resulting from the Work included within or affected by the executed Change Order.

**ARTICLE 10 – CONTRACT COMPLETION TIME**

10.1. **NOTICE TO PROCEED:** The Contract Time will begin on the date designated in the Notice to Proceed issued by the Owner and the Contractor is required to complete the Work in the time stated therein and in the time stated therein and in the Agreement.

**ARTICLE 11 – PAYMENTS AND COMPLETION**

11.1. The Contractor agrees to begin the Work contemplated by this Contract within Ten (10) days after receipt of an executed contract and to substantially complete the same, ready for the Owner's occupancy and use, by the date of Substantial Completion specified herein. Contractor agrees to complete all punch list items by the date of Final Completion specified herein. Contractor agrees that time is of the essence of this Contract and if the Contractor shall fail to complete the Work within the time above specified, or such extension or extensions thereof as shall be granted, the Contractor shall pay Owner, as liquidated damages and not as a penalty for such failure, the amount specified herein, per, day for each and every calendar day thereafter until such Work shall be substantially completed and ready for the Owner's occupancy and use. Provided, nevertheless, if the Contractor is delayed at any time in the progress of the Work by any act or neglect of the Owner or Professional, or of any employee of either, or of a separate Contractor employed by the Owner, or by changes ordered in the Work, or by labor disputes, fire, unavoidable casualties or other causes beyond the Contractor's control, or by delay authorized by the Owner, or by other causes which the Professional determines may justify a delay, then the Contract Time shall be extended by Change Order for such reasonable time as the Professional may determine with the Owner's approval.
11.2. The Contractor shall submit a completed certificate of payment to the PSU Project Leader showing the amount of Work performed in the preceding calendar month. The Contractor shall indicate the PSU project number on the application for payment. (Text with blue font are active hyperlinks that contain corresponding forms.)

11.2.1. Except as otherwise agreed in writing by the parties, and except for any amounts withheld or disallowed due to deficiencies or errors in documentation as defined in Paragraph 2.6 below, payment of progress and final payment applications shall be due from the Owner forty-five (45) days after the end of a billing period or forty-five (45) days after delivery of the Certificate/Application for Payment, whichever is later. The Certificate/Application for Payment form to be used can be found at the following: [2-C Application/Certificate of Payment]

The Contractor further warrants that upon submittal of an Application Certificate of Payment all Work for which Certificates of Payment have been previously issued and payments received from the Owner shall be free and clear of liens, Claims, security interests or encumbrances in favor of the Contractor, Subcontractors, material suppliers, or other persons or entities making a Claim by reason of having provided labor, materials and equipment relating to the Work. This provision shall not be construed as relieving the Contractor from the sole responsibility for the care and protection of materials and Work upon which payments have been made or the restoration of any damaged Work, or as a waiver of the right of the Owner to require the fulfillment of all of the terms of the Contract. Payments to the Contractor shall not be construed to release the Contractor from any obligations under this Contract. A Certificate of Payment, a progress payment, or partial or entire use or occupancy of the Project by the Owner shall not constitute acceptance of Work not in accordance with the Contract Documents.

11.2.5. Retainage shall be established by the Owner on a per-Project basis, and in no event shall exceed 6%.

11.2.7.7. Failure to carry out the Work in accordance with the Contract Documents.

11.2.7.8. Errors in Documentation: If a certificate of payment is filled out incorrectly or incompletely, or if there is any other defect or impropriety in an Invoice, the Professional or Owner shall give written notice to the Contractor within ten (10) working days after receipt of the Invoice, and the Owner shall make payment for the correct amount to the Contractor provided the Invoice is approved by the Professional in accordance with this Agreement.

It is the responsibility of the Contractor to coordinate with the Owner regarding the training schedule and to register via the LRN. All costs for personnel time, travel, meals, and lodging to attend the training shall be borne by the Contractor and, as such, will not be reimbursed by the Owner.

The Contractor shall obtain, at their own cost, the necessary equipment and web connections to access and utilize the PMIS. The Contractor will not incur any registration fees or licensing costs to utilize the PMIS.

16.1. INDEMNIFICATION: To the fullest extent permitted by law, the Contractor shall appear for and defend, indemnify, and hold harmless the Owner, Professional, Professional's consultants, and agents and employees of any of them from and against claims, damages, losses, and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work, of whatsoever nature caused in whole or in part by the Contractor, a Subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss, or expense is caused in part by a party indemnified hereunder.
