

2018.07.12: Agile Scrum using LEGO

What: Agile Scrum using LEGO

Speaker: Heather Dawson

When: Thursday, July 12, 2018 8:30 a.m. - 10:00 a.m.

Where: 121 H Outreach Building, (100 Innovation Park)

Join us on Thursday, July 12 for a active and fun session about Agile Scrum using LEGO with Heather Dawson.

In this session you will learn how to foster collaboration among your teams, help product owners refine visions, and help stakeholders communicate requirements and needs. The techniques taught in this session will be applicable across a variety of Project Management disciplines when gathering or refining requirements. For the best experience, we encourage all PMWG members to attend in person as this is a participation heavy topic.

Who is this session for?

- Project Managers
- Business Analysts
- People interested in Project Management
- Agile Teams
- Product Owners
- Product Managers
- Scrum Masters
